Hi all – my comments (and a track changes version of the document) are attached. Please forgive their terse nature **Personal Matters / Ex. 6** and have been scrambling this week to get something out to you! I understand that this document has already been through Agency/Interagency review – so I was hesitant to make some of the comments that I did ... but I thought it might be useful just to put them out there for discussion.

I do want to (loudly!) echo David's comments – this document clearly reflects an immense level of effort and thoughtfulness ... kudos to Lou, Sue and all the folks who've worked so hard to put this together. It's impressive ;)

Thanks –  
Belinda

I am going to go ahead and send out in advance my notes regarding my review. See attached. << File: Bussard summary re RDX.docx >>

Reading one of these assessments when I have not been actively involved to date, makes me realize and respect the tremendous amount of work and number of issues that go into this. In some cases, on my review I will raise questions based on reading the document once through. I think it appropriately reflects questions I as a reader have about the conclusions as explained in the draft. **Deliberative Process / Ex. 5**
